Open web browser and go to wetransfer.com

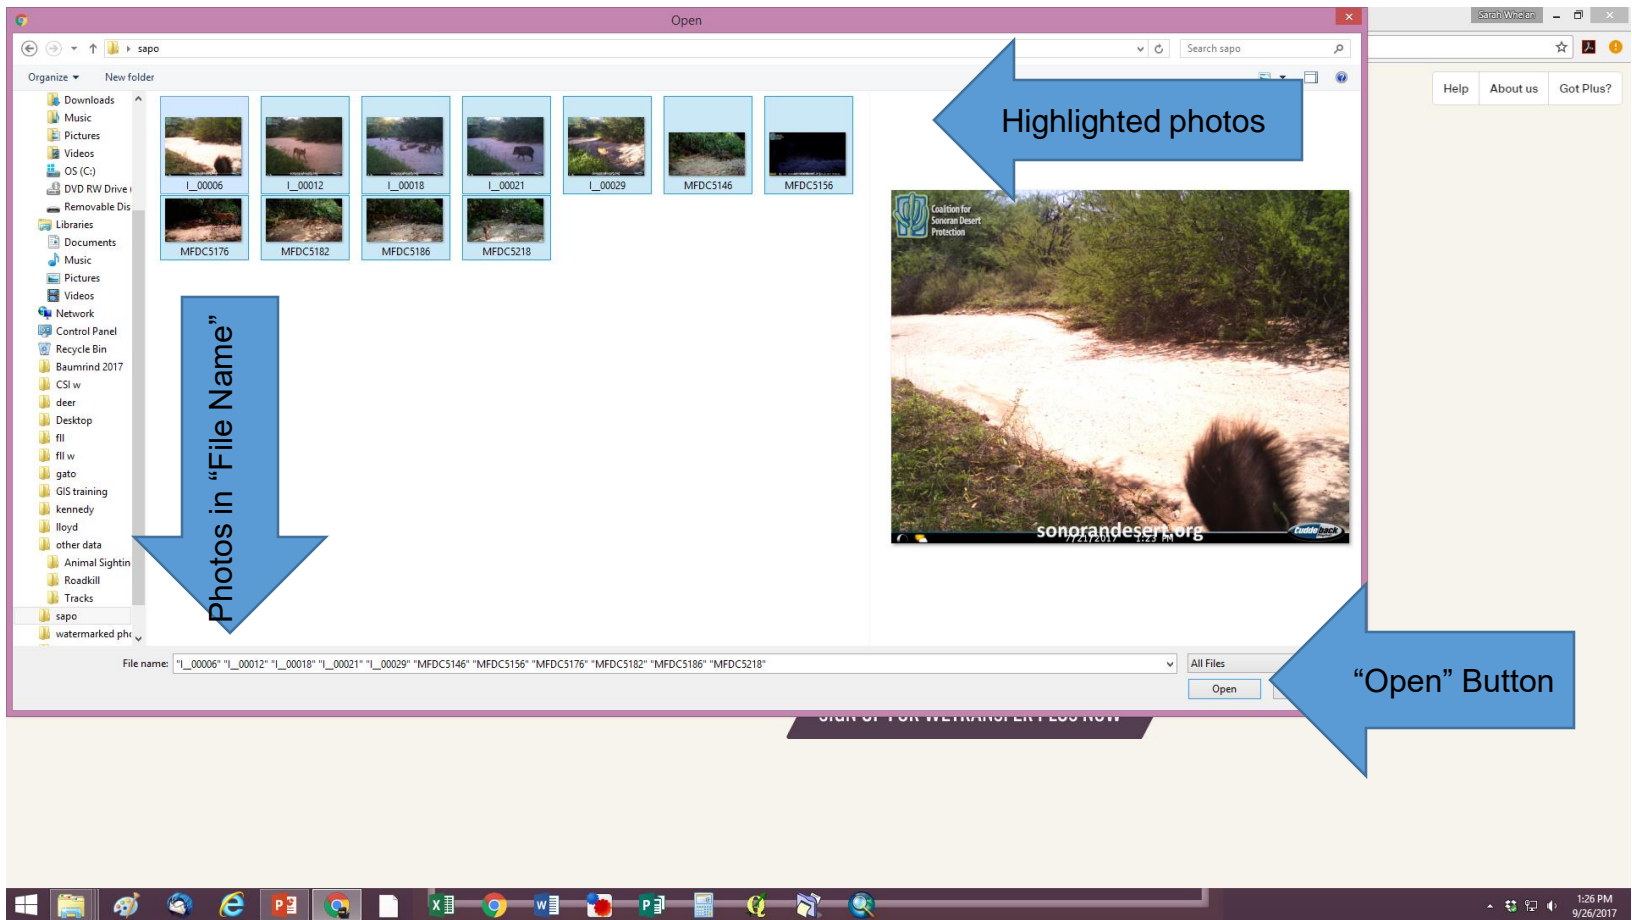

Click on the blue circle with the plus sign to add your photos.

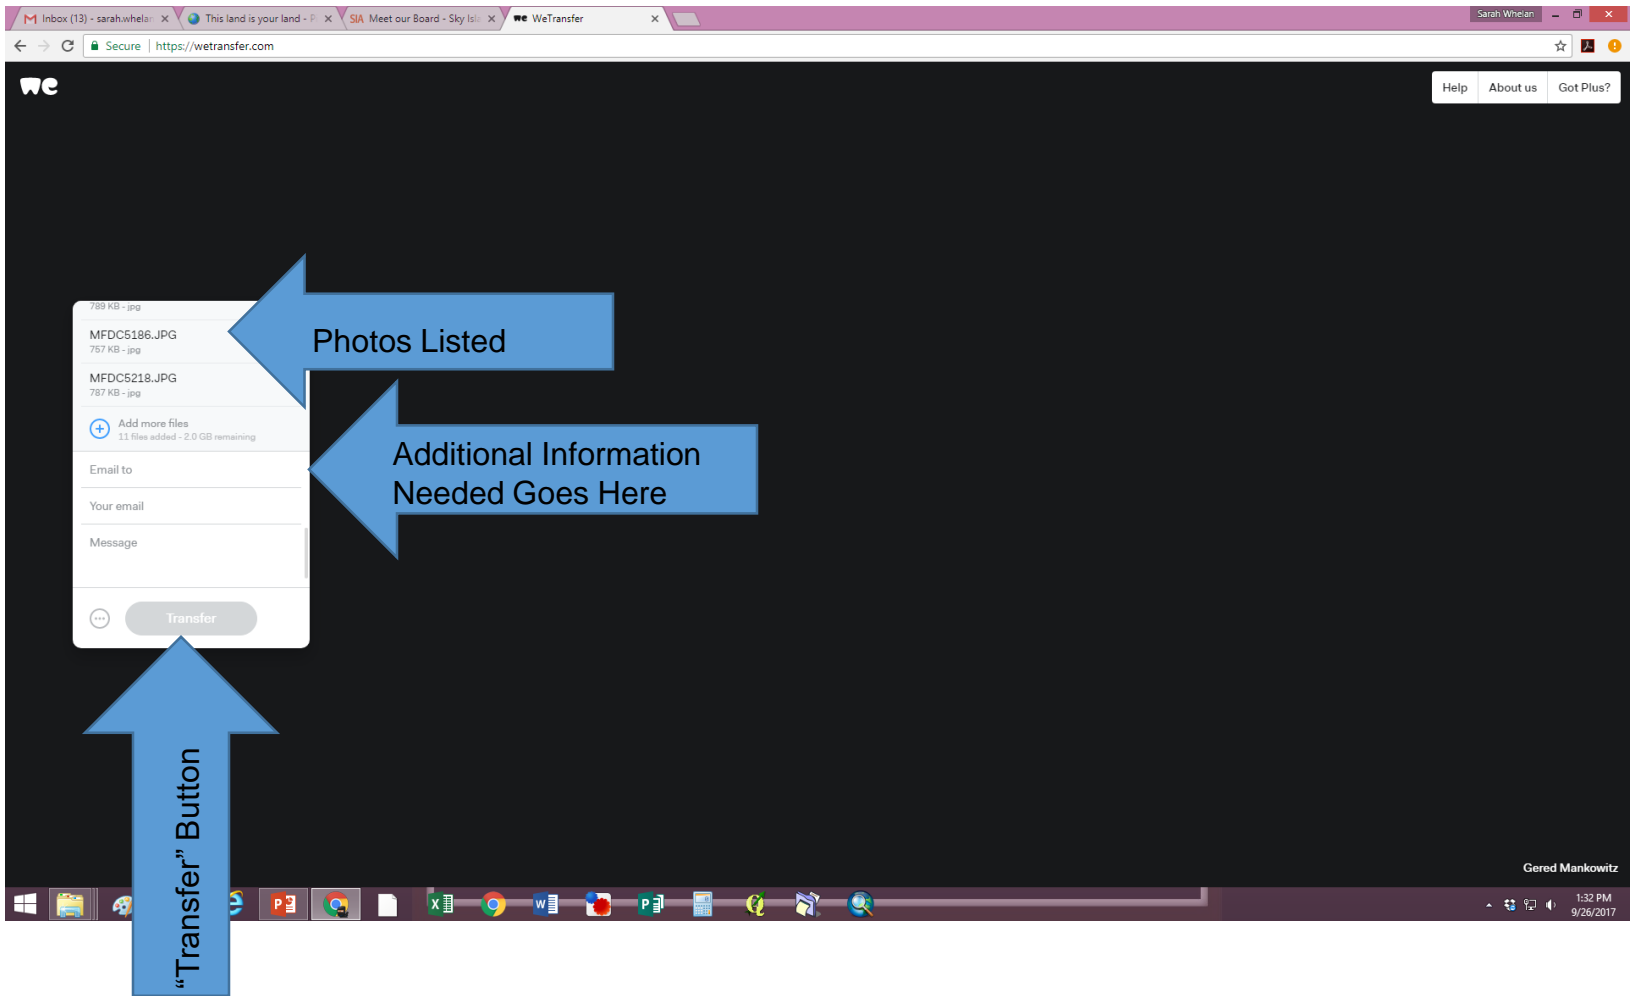

Find the folder on your computer with the photos and select the folder to open it.

Once the folder is open, click on the first photo then hold down the "Ctrl" and "A" keys to select all photos.

Once all the photos are selected they will be highlighted and present in the file name line. Then click on the "Open" button.

Now the files will show above the "Add Files" button. Now fill in the information needed below the "Add Files" button. Once all needed information is filled out, click the "Transfer" button. That's it!
